TO CHANGE FUTURITY

DISTANCE TO 7 FURLONGS Announcement was made yesterday by the Westchester Racing Associa-tion that beginning in 1925 the Futur-ity Stakes will be increased to seven furlongs and will be run at that distance thereafter. During recent years this two-year-old classic has been a six-furlong test on the straightaway six-furlong test on the straightaway course at Belmont Park. The change is in line with the policy of August Belmont, president of the association, and his associated to promote distance racing. When the Futurity was first held by the Coney Island Jockey Club in 1883 the distance was three-quarters of a mile, but alterations in the course in 1892 caused a reduction of 1,263 yards and 1 foot. In 1992 the distance was increased to a full six furlongs, at which it has been run ever since.
